Members of the Water Element Work Group,

The County Board of Supervisor's is having a study session on the Water Element on Tuesday, December 13th, at 1:30 pm. I have attached a copy of the staff report and the Water Element submitted by the work group in February of 2009. We are also preparing a power point presentation that gets into greater detail about water. I hope to see you at the study session, and welcome your comments. Thank you.
