
CALAVERAS COUNTY GENERAL PLAN REVISION 1985

Preliminary

Mineral Resource Areas

MRA~1 Mineral Resource Area 1
(unclassified)

Lands not known to contain significant mineral deposits. Isolated mineral occurrences may be shown within this area.

MRA~2A Mineral Resource Area 2A
(intensive area)

Lands that are being, or have been intensely mined, and/or that have promise of further mineral production.

MRA~2B Mineral Resource Area 2B
(light area)

Lands that have had some mineral production in the past and/or that may be expected to have some mining in the future.

MRA~3 Mineral Resource Area 3
(potential area)

Lands that might contain mineable deposits, but that up to now have not yet been sufficiently developed to demonstrate this.

Adopted December 9, 1996
